

IN THE SPECIFICATION:

Page 1, paragraph beginning at line 6, revise to read:

--The present invention relates ~~top~~ to a joining method for a frame of spectacles, and in more particular to a joining method for a frame of spectacles by which a member (e.g. bridge and/or temple is joined to another part (e.g. lens rim) of the frame of spectacles.--

In response to the requirements in Paragraph 2 of the Office Action, the proposed amendments in the Amendment of May 21, 2004 relate to the following paragraph designations:

Page 6, paragraph beginning on line 15 should read:

--Page 6, paragraph beginning on line 17--;

Page 10, paragraph beginning line 11 should read:

--Page 10, paragraph beginning on line 19--;

Page 10, paragraph beginning on line 22 should read:

--Page 11, paragraph beginning on line 5--;

Page 11, paragraph beginning on line 5, should read

--Page 11, paragraph beginning on line 13.

Applicant's attorney apologizes for these inadvertent typographical errors.
